To a Daughter's Memory.

The following loving tribute, which will be endorsed by all who knew the deceased, was published in the Central Methodist last week: FERGUSON.—Kate Burns Ferguson, daughter of R. T. and C. H. Burns, was born at Pikeville, Kentucky, May 23, 1859; married to H. W. Ferguson, November 20, 1878; departed this life Easter evening, April 17, 1892. She joined the Methodist Episcopal Church, South, at the age of twelve, under the ministry of Rev. Walter Shearer. At the age of sixteen was converted, while attending a revival service at Saint Paul Methodist Episcopal church, in the city of Cincinnati. She was a good child, a good girl, a good wife, a good woman. Her last words were: "Lord Jesus receive my spirit," and on the wings of that sweet prayer of the first Christian martyr, her sweet spirit flew up to her Savior, and to the home He had prepared for her. For ten years she was an invalid, suffering very much. But she bore it all with patience and wonderful resignation, and was bright and cheerful amid all her sufferings. Bryant has beautifully set in one of our songs, a sweet Bible truth, which we slightly paraphrase. It comforts our hearts.

"For God has marked each sorrowing day,
And numbered every secret tear,
And heaven's long age of bliss shall pay,
For all our dear child suffered here."

We buried her beside her brother Alex, with whom she had played in childhood's happy hours; and we turned away from their graves with all the blessed assurance of faith and hope, that we should meet them again in the paradise of God. Praise the Lord.

HER FATHER AND MOTHER.

For Boyd and Lawrence.

A Basket Sundry School meeting will be held at K. A. Church Chapel Saturday, Oct. 1st, 1892, under the management of Joseph M. Ferguson, President of Boyd county Sunday School Association, and of R. T. Burns, like President of Lawrence county.

The address of welcome will be delivered by Rev. J. T. Johnson and responded to by R. T. Burns. Sunday school addresses will be delivered by J. M. Ferguson, Dr. J. F. Hatten, R. C. McClure and others.

Music will be made a special feature of the occasion. It will be led by Dr. G. W. Wroten, with Mrs. F. T. D. Wallace and Mrs. J. W. Rice at the organ, Heck Pennington violinist, M. F. Conley and Jesse Shannon cornetists, and M. S. Burns bass violinist. No. 5 Gospel Songs will be used.

The session will begin at 9 o'clock a. m. Come everybody. Bring your Bible and No. 5 Gospel Songs.

The Conference.

The Kentucky Annual Conference, will meet in annual session at the M. E. Church, in Louisa Wednesday, Sept. 21st, 9 a. m. All citizens of Louisa who have promised to entertain ministers during the session of the conference, should be ready for guests by Monday afternoon.

Opening exercises will be held on Tuesday evening and will consist of an address of welcome, and a consecration service led by W. A. Robinson, of Covington, Ky.

9 a. m., Wednesday, administration of the Lord's Supper by Bishop Foss, D. D., L. L. D., officiating. Everybody invited to attend and all Christians are expected to participate in the holy service.

Base Ball.

The Ceredo base ball club came up to Louisa last Saturday and returned a sadder, madder, but wiser set. The score resulted 14 to 10 in Louisa's favor. Altogether the game was one of the roughest ever played on the home grounds. It abounded in errors on each side throughout the game. The batting was heavy on both sides, and the squabbling much too plentiful. A regular knock-down seemed imminent more than once. The Louisa club will go to Ceredo soon to play the return game.

A Heavy Failure.

John Carlisle, of Cincinnati, who was instrumental in the building of the railroad up Sandy, and who has owned a considerable amount of real estate in this section, made an assignment last week, in company with his brother George. The liabilities, so far as known, are about \$700,000, while their assets are only \$300,000. Carlisle's holdings in the G. W. M. & Co., conducting the Peach Orchard mining business, have been attached.

What About Those Booths?

Isn't it high time arrangements were being made for procuring the voting compartments or booths required to be used in the new building for the coming election? This is a question that should be considered by the public.

ABSOLUTELY PURE

The Weekly Murder.

On last Sunday morning the news reached here that the dead body of Rube Lunsford had been found in the road near his home seven miles above here, and directly opposite Thos. France's house. A revolver with all but one chamber empty was lying by his side and there was a bullet hole in his back. A coroner's jury was summoned as soon as possible and an inquest held.

Thos. France acknowledged having done the killing and was arrested and lodged in jail. The examining trial was held on Wednesday and France was acquitted on the grounds of self-defense. The evidence showed that Lunsford went to France's house about 12 o'clock Saturday night and fired several shots into his house. The family left hurriedly and went to a neighbor's. The moon was shining brightly and France got a rifle and went out to the corner of his house and shot Lunsford, killing him almost instantly. Lunsford was intoxicated and was trying to drive France from the community.

Lunsford was honest and honorable in business transactions and well liked when sober, but he indulged altogether too freely in drink and was often troublesome when intoxicated.

As To Inquests.

The attention of those concerned is called to the following passage of law in regard to holding inquests, found in section 6, article 21, of the statutes:

"If a dead body be found in any county of this Commonwealth, and the speedy attendance of the coroner cannot be procured, and the situation of the body be such as to require immediate interment, it shall be the duty of the justice of the peace having information of the fact to cause a jury to be summoned forthwith; and proceed to hold an inquest as coroners are authorized to do; for which service the justice is allowed the same fees as by law are allowed to coroners for like service."

Newspaper Circulation.

Circulation is what an advertiser wants when he is looking for a newspaper in which to place his advertisement. It has been estimated that regular editions of country weeklies average about 500 copies per week. The "regular edition" and the "number of readers" are two very different things. In answering a question as to circulation many publishers multiply the number of their actual edition from two to five times and give it as the number of readers, instead of stating plainly the number of copies printed each week. The BIG SANDY NEWS furnishes a certified statement of an edition of 1,000 copies per week to any advertiser who wants it.

Well Deserved Punishment.

Last Tuesday morning a burly negro was put off Conductor Meyers' train for refusing to pay his fare. He ran by the side of the train some distance, cursing and using obscene language, and making motions to throw a large stone through a coach window. He was just in the act of throwing when a good sized derrick wafted by a vigorous arm hit him squarely in the forehead, and "the subsequent events interested him no more."

The Louisa Public Schools will open next Monday with four teachers. We understand that they will be conducted on a somewhat different plan to that employed in the past. There will be no pupils seated in the principal's room, but the classes which he teaches will go there from the first assistant's room to recite. This will enable him to give entire thought to the subject in hand without having his attention drawn away frequently by the action of some disobedient pupil in the room. It will also allow the principal to visit the several departments of the school one or more times each day. The corps of teachers is a good one—W. C. Gayhart principal, Misses Mary Davis, Nora Borders and Hester Roffe, first, second and third assistants, respectively.

Jas. Vinson has bought the Central Drug Store from Vinson Bros.

Mr. R. F. Thomas' fine residence is completed and he will move into it next week.

John C. Burchett left Wednesday for Lexington, Ky., where he will attend the State College.
